

ECF - MAQUETTES PRODUIT

Vite & Gourmand - Wireframes et Mockups

Cette planche reprend 3 écrans desktop et 3 écrans mobile, en wireframe puis en mockup, avec une direction visuelle proche du site final: palette chaude, cartes premium, boutons arrondis, blocs de commande et tableau de pilotage.

Wireframes Desktop

Structure fonctionnelle avant habillage visuel.

D1 - Connexion / Inscription

WIREFRAME

This wireframe shows a user interface for 'Connexion / Inscription'. It consists of a large central rectangular input field, flanked by two smaller rectangular fields above and below it. The entire layout is contained within a rounded rectangular frame.

D2 - Catalogue client

WIREFRAME

This wireframe shows a user interface for 'Catalogue client'. It features a large central rectangular input field, surrounded by several smaller rectangular fields at the top and bottom. The entire layout is enclosed in a rounded rectangular frame.

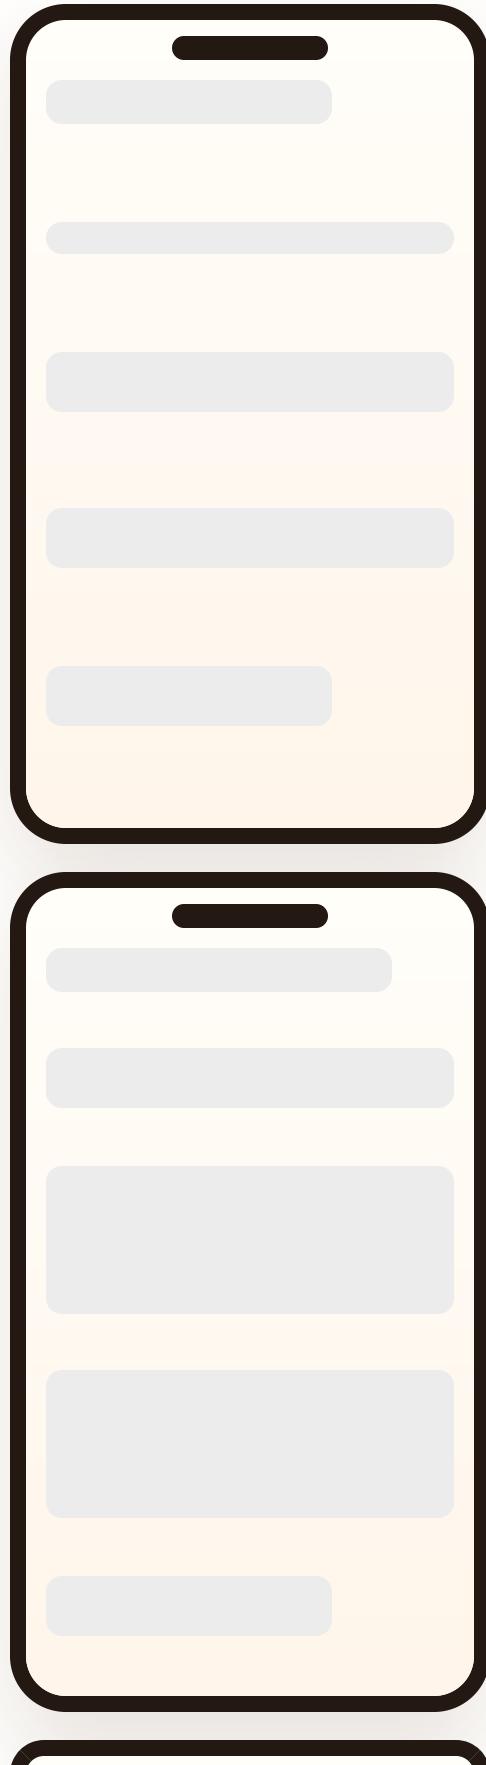

D3 - Espace staff

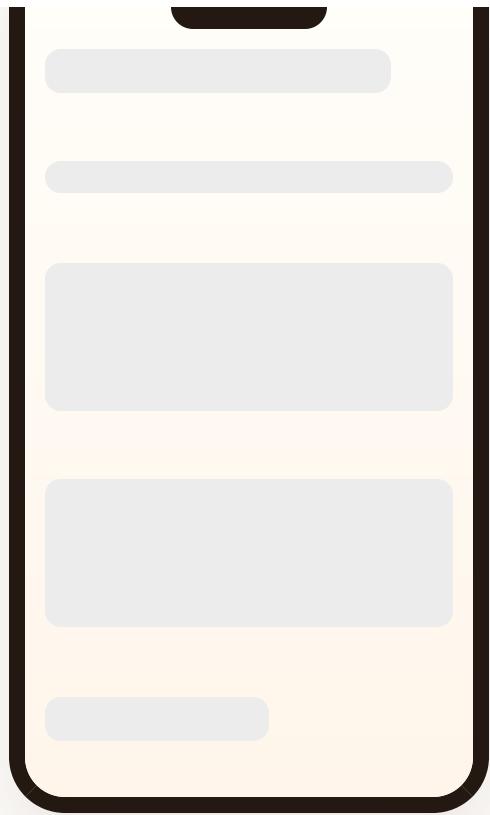

WIREFRAME

This wireframe shows a user interface for 'Espace staff'. It includes a large central rectangular input field, with smaller rectangular fields positioned above and below it. The entire design is framed by a rounded rectangle.

Wireframes Mobile

Parcours compact pour smartphone.

Mockups Desktop

Version visuelle proche du rendu du site.
